

Independent State of Papua Guinea

Office of the Registrar

SECURITY INDUSTRIES AUTHORITY

2022 LICENSED PRIVATE SECURITY COMPANIES

I hereby publicly advertise the list of all PNG private security companies that are legally registered with the Security Industries Authority (SIA) between the **1st January 2022** and the **31st December 2022** to conduct security business with clients in PNG. This is because they have fully complied with the **Security (Protection) Industries Act 2004**, the **Companies and Partnership Act** and the **Income Tax Act**.

By these reasons I now advise all private citizens, government agencies, business houses, foreign embassies, interested stake holders and services receivers to take note of these security companies when intending to engage a security company or companies for security business contracts. Because it is an offence under **Security (Protection) Industries Act 2004 for a person or an entity to engage an unlicensed security company with unpermitted guards for business purpose as a penalty fine of**

K1000 will be imposed on the offenders.

Further, any security company owners who think they have legally complied with the security licensing requirements, but their company names are not listed here are asked to urgently contact our under-listed staff with evidence of compliance before their companies' names are listed in the next updated advertisement in early 2023.

The general public, foreign embassies, private business entities, and government agencies engaging the services of private security companies must immediately contact the Security Industries Authority if the security companies they had engaged are not listed on this compliant list.
